EDUCATION

2025 – 2027 Nova School of Business and Economics – M.Sc. Business Analytics

Focus on big data analysis and project management. Current Average GPA: 2.9

2025 – 2027 CEMS – Global Alliance in Management Education – Master in International Management

2017 – 2021 University of Applied Sciences Stuttgart – B.A Business Administration

Focus on national and international accounting, project and quality management. Final GPA: 3.3

EXPERIENCES

January 2024 to July 2025 After Sales Business Process Engineer – Advantest Europe GmbH

Responsibilities

- Managed the development of new business processes to ensure global product support with a focus on regulatory compliance in customer countries
- Designed service models and product integration strategies to ensure product traceability for new product launches
- Led analysis of the effectiveness of approval processes in the field service marketing department, resulting in a \$50,000 increase in lower management accountability

August 2021 to December 2023 Global Human Capital Specialist – Advantest Europe GmbH

Responsibilities

- Project manager for a company-wide program to foster corporate culture, which increased employee engagement by 20% in the first year after introduction
- Led the annual global salary benchmark analysis, including improving master data management, which reduced the preparation time for the salary analysis by 70%
- System administrator for the global recruitment management tool with a focus on new feature development, reporting, and global support for internal customers, resulting in a reduction in service response time from 3 to 1 business day and an increase in user satisfaction

February 2020 to February 2021 Quality Management Intern and Working Student – Advantest Europe GmbH

Responsibilities

- Design and implementation of a cross-functional survey to evaluate customer value, customer satisfaction, and quality of the product lifecycle process with an 80% response rate and identification of key areas for process improvement
- Developed employee engagement programs on the topic of feedback culture, including facilitating internal employee training sessions, receiving positive feedback from participants on the impact of the training on daily interactions with colleagues and managers
